

INDUSTRIAL CLEANING PROGRAM

Helping create a clean and safe environment

- ▲ **Improve Productivity** – Fills cleaning equipment with product at speeds of 10 to 40 gallons per minute
- ▲ **Minimize Chemical Waste** – Precise dilution control and proprietary drum fitment reduces chemical waste
- ▲ **Improve Employee Safety** – Proprietary packaging eliminates chemical contact
- ▲ **Maximize Floor Space** – Vertical storage system provides maximum use of floor space
- ▲ **Experience Personally Delivered Service** – Systems installed, serviced and training provided by your local Ecolab Sales and Service Associate

**QUIK FILL™ MAGNUM
CLEANING SOLUTIONS**

	PICK CODE	DESCRIPTION
Quik Fill Magnum 34 Neutral Floor Cleaner	6105330	Neutral floor cleaner designed for daily use in autoscrubbers and mop buckets. Powerful blend of surfactants helps remove soils without leaving a film or haze. Cleans without removing finish or dulling gloss and does not require rinsing. Safe on all floor types.
Quik Fill Magnum 35 MAXX Dual Action Floor Cleaner	6100772	Dual-purpose alkaline floor cleaner provides effective cleaning for daily maintenance as well as heavy duty tasks. Clean, fresh scent is less disruptive for daily cleaning while ultra-low foaming technology increases autoscrubber productivity.
Quik Fill Magnum 86 D-Limonene Degreaser	6133404	Effectively cleans and rinses away the toughest soils on all metals and most painted surfaces. Ideal for manual cleaning applications, steam cleaning, autoscrubber and pressure washer applications.
Quik Fill Magnum 89 Industrial Degreaser	6107580	Industrial-strength, extra heavy-duty degreaser that attacks tough soil deposits rapidly. Metal safe when diluted and also effective on concrete, road equipment and heavy machinery.

**CLEAN TOUCH™ PRO
HAND CARE**

	PICK CODE	DESCRIPTION
Clean Touch Pro Formula 400	6107334	A concentrated, heavy-duty grit hand cleaner that quickly removes soils such as grease, ink, graphite and some adhesives.
Wall Mount Dispenser	9202-2154	1-gallon heavy-duty dispenser that accommodates flat top jugs. The inner cylinder is constructed of stainless steel.
Portable Dispenser	9202-2153	1-gallon round flat top heavy-duty jug pump. The dip tube and spout are constructed of stainless steel.
