*The Perfect Balance of  
Performance and Convenience.*

**ECOLAB<sup>®</sup>**

# HEAVY-DUTY PERFORMANCE.

## *Flexible convenience.*

As a part of the 360° of Protection™ program, whatever your laundry challenge, Tri-Star® has the product solutions to meet your specific needs and keep your entire facility clean and completely protected.

The Tri-Star® control panel is programmable for up to 16 wash classifications.

- Products available in 2.5 gallon, 5 gallon and 15 gallon sizes to meet the needs of your operation.
- Multiple wash formulas designed and optimized for your specific soils and linen types.
- Advanced dispensing is installed, programmed and serviced each month by your Ecolab service specialist.
- Brighter whites, stain-free results and ultra-soft linens.

### 2.5 GALLON JUGS

From detergents and bleaches to softeners and fabric finishes, Ecolab has everything you need to get the job done faster with better results.

### 5 GALLON PAILS

## PREMIUM CHEMISTRY DELIVERS EXCEPTIONAL VALUE.

Tri-Star is ultra efficient, ultra effective — our patented chemistry is designed with your operations in mind.

- Concentrated formulas provide superior cleaning performance with fresh, clean fragrances even at lower temperatures.
- Customized solutions that address overall operational issues resulting in economical use cost and optimal laundry efficiency.

---

## SERVICE AND SUPPORT CONCENTRATED ON YOUR NEEDS.

Quick, reliable service by your Ecolab laundry specialist is just one way we demonstrate our commitment to your business.

- Regular service reviews of your entire laundry operation to maintain a high level of productivity and performance.
- 24 hour access through the largest customer service/support group in the industry.
- Ecolab's advanced Technical Service Lab evaluates and recommends solutions to difficult soils, new linen types, changing water conditions, and other problems that may arise in your operation.

## EXPERIENCE THE EXCEPTIONAL RESULTS.

Consistently brighter colors, whiter whites and soft, fresh-scented laundry are classic Tri-Star signatures.

- Saves on your labor costs by removing stains the first time, reducing re-washes.
- Less lint in the dryer screen shows how Tri-Star is gentle on fabrics and saves on costly linen replacement.

## SURROUND YOURSELF WITH PERFORMANCE.

Take control over your toughest laundry problems with our comprehensive line of products and service. Increase your productivity, reduce your operational costs, and have the confidence that your facility is running at its highest potential. Delivered by your Ecolab laundry specialist and backed by support 24/7/365.

CLEAN. PROTECTED. CONFIDENT.

### STAIN BLASTER™ POWER PAKS

High-volume proportion packs are ideal for make-up, grease, iron and rust stains. Safe for use on white and colored linens.

### STAIN BLASTER™ PRE-TREATMENT CENTER

Advanced formulas are tough on stains yet gentle on linens. Stainless steel shelf unit keeps products at one convenient location.

### X-STATIC™ SOFT N' SCENTED STATIC CONTROL BLOCKS

Provides exceptional static control and long-lasting fresh scent while softening linens. Smart dispensing system consistently distributes product and controls costs.

### DIGICLEAN™ ANTIBACTERIAL FOAM HAND SOAP & DISPENSER

Foaming for better coverage, making it harder for dangerous microorganisms to hide. Pre-lathered foaming hand soaps require one push per wash, up to 1,000 hand washes. Available in foam and gel, emollient-enriched.

### EMERGENCY EYE/FACE WASH

Unit attaches to existing faucets to spray soft, aerated streams of water at eyes and/or face. Meets OSHA requirements.

### STAINLESS STEEL CLEANER & POLISHER

Aerosol cleaner and polish removes light soil and restores sheen to all metals. Protective barrier guards against soil and moisture and leaves no oily residue.
