

Clean.
Safe.
Sustainable.

A comprehensive approach to protecting
your campus environments.

ECOLAB®
Everywhere It Matters.™

A partner you can count on.

Students and faculty count on you to deliver a higher level of clean. You can count on Ecolab as your dedicated partner, helping to keep your staff safe and everyone on campus satisfied.

1

Personal support

Our experts understand your needs and help you deliver, with personal service 24/7/365.

2

Comprehensive training

We customize training for your specific needs, making it safe and easy to get the job done right.

3

Consistent results

Our industry-leading service and support help you deliver a consistent clean for consistent satisfaction.

4

Optimal efficiency

We work with you to build a program targeting your specific needs, helping you ensure efficient and effective operations.

We help keep your entire campus clean and sanitary.

Our unique combination of innovative technology and personally delivered service helps you tackle complex business and environmental challenges throughout your facility.

Classrooms and auditoriums

Keeping high-touch surfaces and hard-to-reach areas clean and germ-free.

Student housing

Maintaining clean and healthy spaces in highly communal environments.

Foodservice

Reducing food-safety risk by ensuring every surface and ware is consistently clean and sanitary.

Athletics and pool areas

Keeping pools and gym floors ready for competition with state-of-the-art solutions.

Excellent job on support and customer service . . . Ecolab chemicals met all the requirements of our university's green cleaning policy.

PRINCIPAL OPERATIONS MANAGER

Ecolab makes the conversion process painless. They installed 2,000 hand soap dispensers within one day across our campus.

HOUSING DIRECTOR

Proven solutions for a consistently higher standard of clean.

Ensure student and staff safety

78% of students link personal health with cleanliness.¹

Keep environments healthy

- Innovations such as PPE-free **Peroxide Multi-Surface Cleaner and Disinfectant*** help you clean and disinfect** multiple surfaces to keep students and staff germ-free.

*EPA Reg. No. 1677-238.

**Effective against organisms listed on label.

Promote sustainability

63% of colleges and universities have a green cleaning program in place.²

Reduce product waste

- **Nexa™ Concentrates** hand hygiene system reduces product waste by up to 90%.*

*Packaging waste calculation based on a 1:10 dilution ratio for Nexa Concentrates compared to standard 750mL packaging.

Keep food safe

- **Ecolab's Antimicrobial Fruit and Vegetable Treatment** reduces 99.9% of the pathogens* in produce washer.**

*Pathogens: *Escherichia coli* O157:H7, *Listeria monocytogenes* and *Salmonella enterica*.

**For fruit and vegetable raw agricultural commodities (RACs) when used according to label instructions.

Minimize environmental impact

- **3D TRASAR™ (water treatment system) solid chemistry** is packed in simple cardboard boxes, reducing packaging waste by up to 94%.

Improve operational efficiency

89% of higher-education facilities rank improving productivity as the most important factor of their purchasing decision.³

Save on labor

- **Our Phazer™ Mobile Floor Care System** can help increase productivity by up to 73%, compared to traditional mop-and-bucket methods.*

*Minimizes time and labor costs, per ISSA standard times.

Clean with ease

- **Ecolab Cleaning Caddy (QC™)** gets restrooms 54% cleaner than traditional cleaning methods.*

*Results based on over 1,000 swab samples collected and analyzed by Ecolab.
