

# FACILIPRO™

## BUILD RESILIENT OPERATIONS AND HELP REDUCE THE SPREAD OF **COLDS, FLU AND THE VIRUS THAT CAUSES COVID-19**

### Kill the viruses that cause 3 contagious respiratory illnesses

Public demand for clean, disinfected environments has never been higher. Businesses today must monitor their infection prevention cleaning and disinfection programs, helping ensure contact times and other protocols are implemented correctly.

As a global leader in disinfection, infection prevention and hygiene solutions and services, FaciliPro provides science-backed products, programs and procedures, supported by consultative services. FaciliPro offers a broad portfolio of solutions proven effective against influenza and SARS-CoV-2 (the virus that causes COVID-19), including EPA-registered hospital disinfectants and food-contact sanitizers that kill SARS-CoV-2 in 30 seconds or less.\*

### How can you minimize risk and slow the spread?

Take a multi-layered approach to protection, following CDC and WHO guidance to help protect yourself and others:

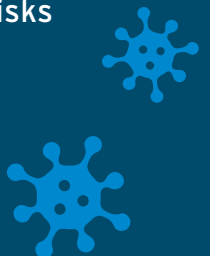

- Wear a mask as advised by public health authorities
  - Stay home while sick
  - Avoid close contact
  - Wash your hands
  - Cover your mouth and nose
  - Clean and disinfect
- + FOR INFLUENZA:**
    - Get the annual flu vaccination
  - + FOR SARS-COV-2—THE VIRUS THAT CAUSES COVID-19:**
    - Increase indoor ventilation
    - Practice physical distancing (6 feet)
    - Get vaccination once available; follow medical advice

\*When used according to label directions.

## PREVENTION PAYS OFF

Rigorous cleaning and disinfection protocols will help:

- ✓ Reassure staff and customers that you care about their health
- ✓ Elevate your reputation as a business that takes public health seriously
- ✓ Optimize your operations by preventing risks to business continuity

# FACILIPRO IS HERE FOR YOU.

When you choose to partner with FaciliPro, you gain access to a full infection prevention cleaning and disinfecting program including products, procedures, training and tools that will help:

## Build resilient operations

Empower employees to maintain clean, healthy environments backed by FaciliPro's science-based approach to environmental hygiene and infection prevention.

## Maximize efficiencies

Training combined with rigorous cleaning and disinfection protocols help achieve consistent results and improved productivity. FaciliPro's comprehensive online and onsite training programs include consultative service, tools and monitoring.

## Enhance customer satisfaction

Help staff and customers feel confident that your operations are committed to the highest cleaning and disinfecting practices.

FaciliPro products are here to serve your cleaning, health and operational needs, including products with EPA-registered claims. Always follow the label instructions carefully ensuring proper application and allowing appropriate contact time.
