# PUBLIC SPACES

## Inspiring Confidence with Clean Facilities

Every public space provides a daily opportunity to deliver and support exceptional experiences. Effective cleaning – including regular disinfection of high-touch areas – is critical to helping protect against the spread of germs and illness.

## Rapid Multi Surface Disinfectant Cleaner

### 4-in-1

disinfectant, cleaner, glass cleaner, and soft surface disinfectant<sup>3</sup>

### Disinfects

in 3-5 minutes<sup>1</sup> with hospital disinfection claims

- Kills SARS-CoV-2 in 10 seconds<sup>2</sup>
- Kills Norovirus, Influenza A Virus, and Common Cold Virus in 30 seconds<sup>1</sup>

### Flexible

application including electrostatic spraying, disposable wipes, sprayer, cloth, and mop/bucket

1. When used according to label directions; EPA Reg. No. 1677-272 and 1677-273 (RTU).
2. When used according to label directions; EPA Reg. No. 1677-272 and 1677-273 (RTU). Claim approved by federal EPA. In California, claim is under review and not approved at this time. In California, please follow label directions for 30 second SARS-CoV-2 claim.
3. Claim approved by federal EPA. Soft surface disinfection and soft surface virucide are not approved in California. In California, please use soft surface sanitization application.

# RESTROOMS

## Clean Restrooms Leave a Lasting Impression on Your Customers

Restroom cleanliness can be an important factor in a customer's overall evaluation of facility cleanliness. Helping ensure consistently clean, healthy restrooms and proper hand hygiene are valuable ways to drive customer and staff satisfaction and support public health.

## Nexa™ Concentrates

### Built-in Safety

Refillable bottles feature a sealed system and in-chemistry preservatives to help ensure safe and effective application, time after time

### Sustainable Design

Designed to reduce packaging waste by up to 90%<sup>1</sup> and dispense up to 99% of product

### Save Cost

Concentrated formula helps reduce shipping frequency and expense

### Convenience

Concentrated formula helps reduce storage space and waste pick up

1. Packaging waste calculation based on a 1:10 dilution ratio for Nexa Concentrates compared to standard 750mL packaging

# FLOOR CARE

## A Foundation for Exceptional Experiences

Floors make an immediate impression on all those that enter your facility, establishing the foundation for confidence and trust in the overall health and safety of a building. FaciliPro floor care solutions enable teams to consistently and efficiently achieve exceptional aesthetic clean, while helping to protect health and safety by mitigating slip-and-fall risks, eliminating pathogens and supporting better indoor air quality in your facilities.

## COMMERCIAL LAUNDRY - LIQUID

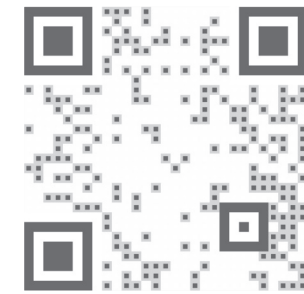

### FaciliPro™ Laundry Detergent Plus

Help provide clean and bright linens with one, simple liquid. Break up tough stains and boost performance with this liquid-built detergent that features a concentrated surfactant with a water conditioning package and optical brighteners. This product is especially effective against cosmetics and oily stains. It is phosphate-free as well as dye- and fragrance-free. Help keep labor time and product waste costs low with the dispensing system that automatically provides the correct amount of product needed for the wash cycle.

ECL SKU: **6101963**

SIZE: **1-5 gal**

[LEARN MORE](#)

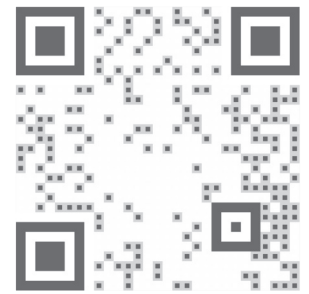

### FaciliPro™ Laundry Destainer

Quickly and easily help provide a great guest experience with clean and bright whites. This concentrated, chlorinated bleach provides fast bleaching action and removes difficult stains on white linens when used at conventional temperatures. Helps restore natural whiteness to fabrics and eliminate dull and dingy buildup. Help reduce labor and product costs with a dispensing system that automatically releases the correct amount of product to be used in each cycle.

ECL SKU: **6100016**

SIZE: **1-5 gal**

### FaciliPro™ So Fresh Fabric Softener

Help ensure linens are soft and static free. This liquid softener is automatically dispensed into the laundry cycle to soften and add a gentle, clean and fresh fragrance.

ECL SKU: **6101395**

SIZE: **1-5 gal**

[LEARN MORE](#)

### FaciliPro™ Softener Plus

Liquid fabric softener with advanced, patent-pending chemistry. Helps provide a softness that protects your linen program investment. Effective on several linen types across a broad range of wash temperatures and water conditions.

ECL SKU: **6102453**

SIZE: **1-5 gal**

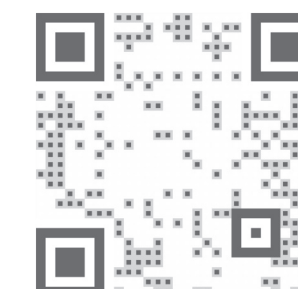

### FaciliPro™ Neutralizer NP Sour

Show off soft, skin-friendly linens. This concentrated laundry sour dissolves residual water hardness to adjust the pH in linens and minimize the potential for skin irritation. The no-/low-phosphorous formula also includes an iron controlling agent that helps prevent staining and graying of linens and works effectively in a wide range of laundry room conditions. Help control product and labor costs with a dispensing system that automatically delivers the correct dose for each cycle.

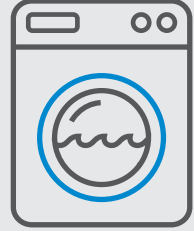

ECL SKU: **6100017**

SIZE: **1-5 gal**

## HOME-STYLE LAUNDRY

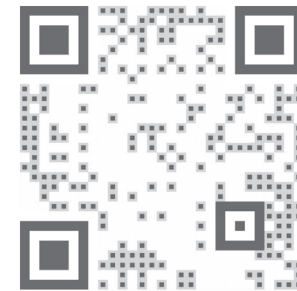

### FaciliPro™ Home-Style Solid Laundry Detergent

Help ensure clean and fresh linens when using small load laundry machines less than 25 lbs. This enzymatic detergent includes surfactants, water conditioners and optical brighteners that power out food and body soils and reduce malodors from colored and white linens. Anti-redeposition agents ensure that soils do not settle back onto linens during the wash process. The mild alkalinity is gentle on fabrics and won't damage washers. Controlled dispensing prevents chemical exposure and is safe to use.

ECL SKU: **6101684**

SIZE: **4-3 lb**

### FaciliPro™ Home-Style Laundry Detergent Packs

Delivers high-efficiency detergent in convenient pre-measured, water-soluble packs. Designed for home-style machines, they offer effective stain removal against tough soils, help to eliminate malodor in the first wash and retain freshness in linens. The packs are easy to use, safe to handle and reduce detergent waste and spilling.
